**How to use the selector chart**

The first three digits refer to the outside diameter in millimeters, the remaining digits refer to the hub series.

For the hub, the digits before the dash represent the hub series and the digits after represent the bore size.

**Example:**  
Fan Part No. 21633 is a fan with an outside diameter of 216mm which uses a 33 hub series.  
Hub Part No. 33-1125 represents a 33 series hub with a 1-1/8" bore.
